Subject: Letter of Appreciation

Dear Scoutmaster Lowe:

The Veterans Building Council would like to express its appreciation for the area clean-up performed by Troop 118 at our building. In the military acknowledgment of a 'job well done' is accomplished with the flag hoist signal Bravo Zulu signified by the flags "B" and "Z".

The Vallejo Veterans Memorial Council wishes to acknowledge Troop 118 with a BZ and a resounding "Hoorah!"

It is our hope that such work provides a means to the youth comprising Troop 118 to earn merit badges while gaining personal satisfaction from a 'job well done'. The property is looking more neat and clean than in its past. Its appearance is attributable to the diligent, volunteer work put in by the Scouts in Troop 118.

We believe that this kind of community activity by youth organizations should not go unnoticed and is representative of the highest traditions of the Scouting Organization. Please accept our sincere thanks and gratitude for work done by the scouts.

Sincerely,

Ray Hagler, Chairman  
Vallejo Veterans Memorial Building Council
